

Wednesday Open Thread

This is sort of an experimental comment. We editors have been a bit concerned that sometimes there are a lot of comments to the open threads, so that it takes a fair amount of time to get down to the end (particularly when the numbers get above 100). So the thought is that we open a new thread when we reach, say 100 posts on the open ones.

I said that to open this, and give a small item to chat about, and also as an excuse to open a thread so that I could point out that all the work in writing the Olduvai post was done by Lads, so he deserves the kudos, not me!

Cheers and enjoy, and, if it strikes you, let us know what you think about the thread length idea...
