

China's use of dollar reserves for oil?

Posted by [Prof. Goose](#) on May 31, 2005 - 11:09am

J asks a question in the comment box in the post below this one:

Energy Bulletin has this:

<http://www.energybulletin.net/6459.html>

Anyone care to speculate what China trading their dollar holdings for oil reserves or future production quota guarantees might do to the dollar?
