

## A listing of damaged rigs...

Posted by [Prof. Goose](#) on September 28, 2005 - 11:51am

Topic: [Supply/Production](#)

from one of our industry insiders: "a list of known drilling rig conditions and positions. Everybody is still checking production platforms..." (under the fold)

---

thanks to gunnk for adopting the list we had with links to Rigzone.com's information where available. As he says in the comments, there are some impressive pieces of equipment missing or destroyed:

### Jack-up Rigs

[GSF HIGH ISLAND 3](#) Beached in West Cameron
